COMMENTS ON PROPOSED RULE MAKING

Jeffrey Mark Tillery "Petitioner," at 2104 Southwest 42<sup>nd</sup> Avenue, Ocala, Florida 34474, telephone number (352) 237-5718, hereby submits its comments on proposed rule making.

The petitioner wishes to allot channel 244A (96.7mhz) to Cedar Key, Florida as its second local FM Broadcast service.

Cedar Key, Florida currently has a population of 668 persons according to the 1990 United States census report. Petitioner feels this allotment will be in the public interest since it will provide additional broadcast service to this growing incorporated community.

Petitioner has included a distance separation engineering study, with the original proposal dated July 7<sup>th</sup>, 1998, which meets the minimum distance separation requirements of section 73.207 of the Commission Rules and Regulations.

The petitioner has filed an original and five (5) copies of the original proposal and these comments with the Secretary of the Federal Communications Commission, 1919 M Street, Northwest, Washington, D. C. 20554.

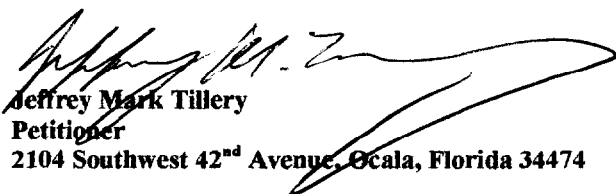

Should the petitioner's request for the allotment of channel 244A (96.7mhz) be granted, petitioner will file form 301.

Petitioner presently owns eighty-five percent (85%) of the equipment needed to build a broadcast facility.

The original petition regarding RM-9323, MM Docket No. 99-72, and these comments are true and correct to the best of petitioner's knowledge and beliefs.

Petitioner is enclosing five (5) copies of these comments. Please stamp one copy and return it to the petitioner in the prepaid, self-addressed envelope. If you have any questions, kindly contact the undersigned.

Respectfully,

  
Jeffrey Mark Tillery  
Petitioner
